

MY NEW SMILE - ALTRINCHAM

Client: Codenta Limited

Brief: Three surgery complete dental fit-out squad practice.

Contract duration: 12 weeks - February 2023

Contract value: £195k

Status: Completed

Description:

My New Smile is a new squat practice located in Altrincham in which Clover Dental Fit Out was the principal contractor and project manager. From an empty unit previously run as a hairdressers, this project challenged us to implement all our services to create a 3 surgery practice with specialist installations and equipment, new cabinetry, flooring, air flow systems and more. In this project, we worked through different phases: Pre-build, Build, Equipment Installation, CQC Inspection, pre-opening and opening, in which we conducted our full turnkey service including branding, marketing and recruitment of staff. The commitment of the build team and suppliers was above and beyond allowing us to deliver the project on time and on budget.
